Immerse yourself in the rich and captivating world of whiskey with this comprehensive and engaging book. From its humble origins in ancient Mesopotamia to its global popularity today, whiskey has a long and fascinating history that spans continents and cultures.

In this meticulously researched work, renowned historian Dr. John Barleycorn takes you on a journey through the ages, uncovering the secrets and stories behind the world's most beloved spirits. From the ancient Egyptians who first discovered the art of distillation to the Irish and Scottish monks who refined the craft, you'll learn about the people, places, and events that shaped the history of whiskey.

Through vivid storytelling and stunning photography, Dr. Barleycorn brings to life the traditions and techniques used to create whiskey around the

world. You'll explore the different types of grains, casks, and climates that contribute to the unique flavors and aromas of each region's whiskey.

But this book is more than just a historical account. It's also a celebration of the culture and tradition surrounding whiskey. You'll learn about the people who make whiskey, the rituals associated with drinking it, and the role it has played in literature, art, and music.

Whether you're a seasoned whiskey enthusiast or just curious about its history, **Whiskey: A Global History, From Grain to Glass** is an essential read. It's a treasure trove of knowledge and a captivating journey into the world of this timeless beverage.
